

Neptune Natural Matt Canvas 400gsm

Digital & Fine Art Archival Printing Solutions for the Imagemaker

Description of Product:

A single sided 100% cotton base canvas with a natural warm ivory surface, ideal for colour and black & white reproductions. Contains OBA's.

The special ink receiving matt coating is water resistant, making it a suitable canvas for printing watercolour, wildlife or artistic impressions.

The real canvas structure base has been manufactured with random and uneven cotton fabric content, perfect for those of you who are looking for a non consistent canvas finish with a natural appearance. Excellent with dye and pigment inks.

Always varnish your canvases with the PermaPROtect range of varnishes to enhance your artwork but more importantly protect them from UV pollutants & yellowing.

Technical Information:

- * Weight – 400gsm
- * Thickness – 0.61mm
- * Whiteness – (CIE) 78
- * Coatings – Single-sided textured canvas.
- * Primary Features – 100% cotton ivory base, Excellent colour saturation and intensity, High fade & water resistance.
